

**Warm Winter Clothing Drive:** The students of the National Honor Society will be conducting a *Warm Winter Clothing Drive* this fall to benefit the Jackman-Moose River Community Clothing Bank and wanted to give advanced notification of this project because summer provides an excellent opportunity to not only weed out clothes that kids have outgrown when “Back to School” shopping, but many people enjoy frequenting Yard Sales, etc. where articles for the drive may be found as well. Donations of new and gently used (i.e. no stained, torn articles) **warm** winter clothing will be collected this fall. We appreciate your interest in participating and helping us keep the children in our community warm this coming winter. Thank you, ~Forest Hills National Honor Society
